

Winning Strategies for Reading Success Participant Notes

Heather Willms

An Overview of the Big 5 of Reading:

If you are new to the Science of Reading, this is a very good place to start.

Put Reading First from the National Institute for Literacy

<https://www.readingrockets.org/sites/default/files/PRFbooklet.pdf>

Phonological Awareness:

An umbrella term which includes, rhyming, onset and rime, syllables, and phonemes. Phonological work prepares students to identify phonemes in words.

K-2 (and intervention)

Tim Raskinski:

Word Ladder Wednesday: Follow him on Twitter or email him and ask to be on his email list: trasinsk@kent.edu

Recommended Decodable books in no particular order:

Fly Leaf:

I highly recommend the Emergent box of 40 books.

<https://flyleafpublishing.com/emergent-reader-series-book-set-41-titles/>

CORE Knowledge Foundation:

K-2 reading level with characters that are 10 years old.

<https://www.coreknowledge.org/?s=decodable>

Pip and Tim:

Be sure to order from the Canadian distributor due to high shipping costs.

<https://www.littlelearnersloveliteracy.com.au/collections/pip-and-tim-decodable-books-stages-1-7>

Simply Phonics

Oldies but goodies. Don't be fooled by the look, students love them because they can read them. Ask about pricing for multiple copies.
